◆ The Important message to the Murtaddin of Pakistan regarding the Machh attack and an advice to the Muslims living in Pakistan. ◆

Praise be to Allah, al-Qawiyy and al-Matiyn, and may peace and blessings be upon the one sent with the sword as a mercy to the world. To proceed, I seek refuge in Allah from the accursed Shaytan. In the name of Allah, the Most Beneficent, the Most Merciful. Allah says: **“O you who believe! If you help (in the cause of) Allah, He will help you, and make your foothold firm. But those who disbelieve (in the Oneness of Allah Islamic Tawheed), for them is destruction, and (Allah) will make their deeds vain.” [Muhammad 47: 7-8].**

An important message for the people of Pakistan!! We have consistently raised awareness among the Ahlu-Sunnah living in Pakistan, and from time to time we keep reminding them, and with the permission of Allah, we will continue to do so. O Sunnis, recognize your real enemy, who are these people opposing Al-Islam and creating obstacles in the implementation of Sharia? We have told you time and again, and we still tell you that the government of Pakistan is an apostate government, and that it has turned away from the religion of Islam. They are minions and servants of Kuffār and in order to please them, they sell their mothers and sisters and daughters for the worldly gains. Did they not sell Aafia Siddiqui? Did they not sell the innocent female students of Lāl Masjid? They have committed many such crimes and atrocities, which are themselves a testimony [to the fact] that the government of Pakistan has little to do with Islam, and they do not even know Islam and its fundamentals. O Sunnis, have you not seen how those who stood up, raised their voices and made efforts for the honour of Prophet and his Sahabah are killed and murdered?

And, do not be deceived into believing that they have passed some bill in the kufri parliament to defend the symbols of Islam. It is all lies and deception to lead the people astray, and bear in mind that our deen is not need of anything, it is not needing any bill or any man-made law. Our Deen of Islam will always remain dominant, we don't beg someone to pass a bill for the hon-

our of Prophet and his Sahabah. O Sunnis, this is only a deception that these people are pulling you into again and again, so do not fall into this trap. These people want to conceal their Kufr through it so that rebellions against them may subside, so that no one will stand against them. Years have passed on but the Islamic system could not be implemented in this country, why is it so? It is because this government and this unholy army always used their tactics and tricks and remained active against the Mujahideen of Islam, so that the Muslims should be eliminated, so that the Mujahideen of Islam are kept away from establishing the Shariah in Pakistan.

Why don't we see our Deen being implemented here? Because the present rulers have apostatized, open your eyes and listen carefully about their apostasy. It is because there is a new system in place in this country called democracy, the meaning of which you comprehend very well. It is a system of disbelief in which everyone has the freedom of religion within the country. Today you seek to pass the bill, thinking that after passing this bill, no one in the country will insult the honor of the Sahabah, no one will speak against the honour of the Holy Prophet (PBUH), but you are mistaken. Bear in mind that this cannot be achieved except if we cut it off from its root which is democracy. Because it is this democracy which deems it permissible for people to abuse the Sahabah, it is democracy which regards it permissible to blaspheme against RasulAllah (PBUH). Why? Because of this so called “freedom”, due to which anyone's religion is free including that of Rawāfidh, Shi'a and Qadiyānis. All the enemies of our Deen roam freely because there is a system in place that protects them and gives them the opportunity to exercise the freedom of speech etc. Come towards the Islamic Khilāfah, and stand with it shoulder to shoulder so that the corrupt system of democracy is eradicated with ease. Recognize this root of disbelief because it is such that [if it is not removed] they may insult the Sahabah and blaspheme against the Mes-

senger till the judgement day, Allah forbid. They are a group which is an open enemy to Islam and they seek to destroy Islam, and see the armed factions which these Rawafidh and these Shi'as have created in Iraq & Syria by the name of Fatemiyoun and Zainabiyoun which are involved in the mass killings of Sunnis in Iraq & Syria and continue to murder Muslims. Did you not see how these Rawafidh went to a madrassa in Rawalpindi and slit the throats of innocent students, slaughtered them and also martyred their teachers? Aren't these the same Shi'as who perpetrated heinous crimes inside Pakistan, the stories of which are yet to be told? So, wake up and recognize their disbelief. Have you not seen if someone stands up to defend the honourable Sahabah and kills such a person who insults the Sahabah, he gets sentenced to death? Try to understand that the present system is a system of disbelief and not an Islamic system, if there was an Islamic system in this country such things would have never happened. Islam is being attacked, yet you are indifferent and living your life comfortably. Wake up from that slumber! and if you have any love for the Messenger of Allah (PBUH) and for the Sahabah in your hearts, then tread upon the path against this government which is the only way to safeguard your religion, the path of Jihad for the sake of Allah.

The message to the Murtaddin of Pakistan, you claimed to put an end to the Islamic Khilafah in Pakistan many times, but your claims are completely hoax. By the grace of Allah, the Islamic Khilafah's strength is increasing day and night. The brave soldiers of this Khilafah are well settled in all of your cities, now the time has come for us to force you to come to the ground, we will drive you out of your resting-places, and out of your places of comfort, out of your weak bases and outposts, and compel you to come out in the field and face the lions. Remember, O Murtaddin of Pakistan, the time for vengeance has arrived. Do you want to convey to the people by taking women and children hostage, by killing civilian Muslims or by martyring some prisoners in fake and staged clashes that you have eliminated the Mujahideen and have put an end to the efforts of Mujahideen? The Mujahideen of

the Islamic Khilafah, with the help of Allah, are present in all their might, in their full strength, planning and preparing all the time to crush you, and very soon in every region and in every city of yours, the Mujahideen of the Islamic Khilafah will intensify their attacks with the help of Allah, the Lord of the worlds. So, await your death. O the unholy Army of Pakistan, we want to convey it to you

“We slaughtered the Rawafidh and we will again do so in near future. We will slaughter you with the help of Allah, we have come to you with slaughter.”

that you are a cowardly force and you don't have the spine to face the Mujahideen directly. If you have any courage left, then make your way to the grounds. Now, you will be killed and the people will witness your killings.

You betrayed Islam and you betrayed the Muslims, now do whatever you want, gather all your power and use them against us but this Islamic Khilafah will not stop by the permission of Allah, it will not bow down because it is the Jamaah of Islam and it seeks to establish and implement Islam. And soon your heads will roll under the feet of the Mujahideen, and your filthy bodies will be under the boots of Mujahideen. And Alhamdulillah, with the permission of Allah we have shown you [the glimpses] of it. We slaughtered the Rawafidh and we will again do so in near future. We will slaughter you with the help of Allah, we have come to you with slaughter.

We are full of eagerness and readiness to send you to your graves. So, Listen and Comprehend, if you want safety, security and comfort then embrace the Deen of Allah, which you have denied and rejected every time because you don't give preference to the deen of Allah and you are in love with Kufr and apostasy, [so repent from it] but if you remain on your Kufr then await the ferocious and severe attacks of the Mujahideen. Alhamdulillah, the Mujahideen of the Islamic Khilafah are actively devising strategies and formulating plans against you with the help of Allah, the Lord of the worlds. Praise be to Allah, they are succeeding. Then prepare the graves for your coward apostate soldiers in every city of yours as the Mujahideen of Islamic Khilafah shall dispatch them to hell with the help of Allah. So that the word of Allah becomes the highest and the word of the apostates and disbelievers becomes the lowest, In Sha Allah.

FATEMIYOUN

The **Fatemiyoun** is a militant group consisting of Afghan Shiites, whose fighters are usually **Shiites of Hazara**. It was founded in 2014 by Rafizi Ali Raza, The war was to be fought, for which backward fighters initially recruited were sent to fight the Islamic State for a monthly salary of 500 Dollars, resulting in thousands being killed by the Islamic State in Iraq, Syria, Khorasan and Pakistan.

ZAINEBIYOUN

Zainebiyoun is a group of Pakistani Shiites who fight against Sunnis in Syria and Pakistan. The group recruits its fighters from **Hazara Shiites** living in Pakistan, Pakistani Shiites living in Iran and local Pakistani Shiites in Khyber Pakhtunkhwa. Although Pakistani Shiites have been fighting in Syria since November 2014 as part of the Afghan group **Fatemiyoun**, they appeared in early 2015 with their permanent name **Zainebiyoun**. This army was established and trained by the Iranian Revolutionary Guards, and runs under their command.

Even in the

WAR

of ideology,
it is the **Muslims**
who will eventually win

With the aid of mere weapons, the Kuffar have not been able to gain an upper hand nor been able to vanquish the determination of the Muslims in their wars against them. This kept becoming an unchanging reality whether Muslims were numerous or few. As long as Muslims are united on the pure creed which the Sahabah and those who followed them were upon, and try to spread it by tongue and iron, they will be honored by Allah. And if they leave it, eventually they will be degraded and weakness will prevail.

The Kuffār and Murtaddīn continued their plans and campaigns against Muslims relentlessly. In the end, they cunningly prepared to uproot the main reason which was behind the honor which Muslims were upon. And that which was yielding Ummah to its glory was none other than the unity of the Muslims upon Tawhīd, al-Walā wal-Barā, and the spreading of religion by the guiding book, and an aiding sword! As George Curzon, the British secretary of State for foreign affairs [1911-1921] said: **"We must put an end to anything which brings about any Islamic unity between the sons of the Muslims. As we have already succeeded in finishing off the Caliphate, so we must ensure that there will never arise again unity for the Muslims, whether it be intellectual or cultural unity."**

The alleged caliphate known as the Ottoman Empire which they had disintegrated was far from the Prophetic Methodology, nor the Millah of pureness. Nevertheless, Muslims back then were closer to unity than they are today. Following the fall of the Ottoman Empire, the unity of Muslims upon Tawhīd and al-Walā wal-Barā was at stake. Under the Sykes-Picot agreement, Muslim lands were divided by borders that were drawn by Mark Sykes and François Georges-Picot. The birth of this filthy nationalistic movement was implemented by none other than the traitor leaders who were ruling over the Muslims. And Muslims were subjected to warfare of indoctrination and ideology. To fuel this dogma, institutions in the name of research were established, and large-scale media propaganda was initiated. Furthermore, agents in the name of Muslim scholars were recruited, and

misguided sects that were affiliated to Islam were sponsored and promoted to influence the interests of Kuffār.

As a result of this fierce war of ideas and ideology, al-Walā wal-Barā of Muslims kept swaying away from them, generation after generation, until we have reached where we are now today. Nowadays, the war on the ideology of Muslims has become one of the main weapons at the arsenal of Kuffār and Murtaddīn. They have taken great care to maintain the dominance they have established in controlling what the Muslims are seeing and hearing every day. And Tawāghīt who are ruling the Muslims today has given their every effort in upholding the evil plots of Kuffār.

Additionally, we see different religions and different sects with contrasting and conflicting views embark on the same ship to fight against the pure Creed. Also, we see how they are working hand in hand against Muwahhidīn to propagate their Shirk and Kufr while denouncing and maligning those holding fast to the Kalimah of **Lā-ʾilāha-illaʾhīlāh**; which Ibrahīm (PBUH) made a lasting Kalimah among his offspring.

Hence, as a result of all their effort, daily we hear about **“extreme radical ideology”** either on news channels or in the Khutbah of Jum’ah Salāt. And this has become an everyday talk when two people meet. Rather astonishing is what the common Muslim who has been affected by these false tenets consider **“extreme and radical”**.

For example, leaving the beard to grow and keeping the trouser length above the ankles, let alone rejecting the modern idol in the form of democracy and giving dawah to common Muslims about the Oneness of Allah in His Ruling is considered extremism by some people. And if a Muslim talk about Jihad about which Prophet (PBUH) said that a group among his Ummah will not cease to fight upon the truth, or talks about Hijrah which will not cease until repentance ceases, or even the Hukum of those who insult our beloved Prophet (PBUH), then it is the epitome of **“extremism and radicalization”** for such people.

And this is what we hear today from chiefs of this era including the evil scholars and other defenders and promoters of democracy, nationalism and the concept of **“peaceful co-existence”** of Muslims and Kuffār. It is clear that Prophet Musā (PBUH) and those who followed him did not spread mischief. Rather their call was to worship Allah alone and to dissociate from what others were worshipping beside Allah. For Pharaoh and the chiefs of his people this was **“extreme radicalization”**. And comparably today, calling to worship Allah alone by singling out Him in His Rule and dissociating from democracy has become **“spreading mischief in the land!”** No matter how strong and well planned the plots of enemies of Allah may seem ﴿ **Ever feeble indeed is the plot of Shaitān** ﴾ [An-Nisā: 76]. For no matter how much they try to extinguish the light of Tawhīd, their plans backfire upon them. Whenever they try to propagate against Islam by mentioning **“extremists or terrorists”**, more and more common

Muslims flock to ask about the beliefs which the Muwahhidīn hold on to. In return, the light of Tawhīd spreads. This is also how the plots backfired upon the United States after 9/11 when they tried to fight against Islam. The number of those who converted to Islam only increased!

Concerning those who are actively participating in this war of ideology, we don’t have to give threats to them as the consequences of those who fought the religion of Islam with their tongues, pens or actions are well known. We say to them, will they not take lessons from their brethren who were upon what they are today, who have tasted the bitterness of their actions? Will they not see what Allah has ordained for those who wage war against His Awliyāh? Or is it that their limbs are forcing them to remain in that state? For surely threatening them is not of much importance to us. Rather what Allah has prepared for those who wage war against his religion will suffice as a threat. And while they claim to live in harmony after what their hands have brought forth against the Muslims, the news of those similar to them who have been reduced to mere numbers in the weekly **“Hasādul Ajnādh”** of Naba Magazine of the Islamic State will suffice as a threat. And how many people similar to them were snatched away by the lions of Islam after they had resigned from their work and changed their positions and their settlements and years have passed by? Even though it may take a while, it is none but a reality at hand that the swords of Muwahhidīn have eventually reached those that have harmed the Muslims even if they are among the comfort of their houses and family, months and years after their transgression. And we say to them.

O Muwahhidīn, there is one thing we must believe with certainty. Indeed, Allah will not fail in His Promise and His religion will prevail over all the other religions including but not limited to democracy, even if the Mushrikīn despise such. Their war on ideology is a lost cause and they have reached their limits. Islamic State upon the Prophetic Methodology has won and is continuing to win on many fronts, including the media war. And this is only by the favor of Allah to those who held fast upon His religion. So be patient with beautiful patience and spread the light of Tawhīd which the enemies of Islam fears. Tackle their misconceptions, and convey the message to common Muslims in a wise way, whether it be on social media or by giving Dawah face to face. And if a chance comes by which merits of acting outweigh the drawbacks then act upon what you preach for our words becomes alive only after we act upon it.

Indeed, if they fight against Islam - ideologically or by weapons - it spreads, and if they leave, it becomes powerful. ﴿ **They want to extinguish Allah’s Light (with which Muhammad (PBUH) has been sent - Islamic Monotheism) with their mouths, but Allah will not allow except that His Light should be perfected even though the Kafirun (disbelievers) hate (it)** ﴾ [at-Taubah: 32].

SHARIAH

the salvation for mankind

The different socio-political the West came up with like democracy, communism, socialism, kingship, and colonialism and so on; are all based upon lies, deception and oppression. The purpose of these false methodologies is that of making the slaves of Allah almighty heedless about the divine law and turn them the slaves of their false desires. Therefore, among the fundamental duties of the Muslims of the present era is to fight these children of the accursed devil and their corrupt ideologies.

Since, the capitalism and communism are presented by their propagators as the exclusive solutions to the problems faced by the people, nowadays. But the evil through their manifestations is not hidden and is there for everyone to see and contemplate. The basic evil of communism for instance is that it provides the loaf of bread to the man but corrupts his conscience, character and the moral values. As its very foundations are based upon the corrupt philosophies of materialism and action-reaction.

Democracy, which is being propagated by a large section among the disbelievers and apostates, is falsely presented as an ideal form of governance for the mankind. But this governance type is also unworthy, unreliable and fickle. Because the error here lies in the very basics that it does not value human intellect and wisdom. For example, the opinion of the ten wise individuals should be preferred over that of hundred

foolish people. But in democracy they do not care what ten wise people stand for but the opinion of eleven dim-wits overrules them. The preference here is wrongly given to the quantity over quality i.e., head count is preferred over intellect and wisdom of people. It does not matter how healthy and sound the opinion of the minority is, it is to be rejected against the consideration of the majority. In the system of democracy, the concern is not that of truth against the falsehood but that of majority against the minority.

Furthermore, the westernization i.e., capitalism and democracy can never be beneficial to the humankind, as it separates the religion of Allah from the rule and the legislation. Because, the westernization and its manifestations are based upon the lowly desires of a man and not upon the religion of Allah almighty. Thus, those who follow these false methodologies become devoid of righteousness and piety and are thus reduced as animals but worse. The Western thoughts are nothing but the inspirations from Satan to its followers so much so that these systems try to compete With Allah almighty in the Lordship. The difference is that Allah almighty is worshipped by the rich and poor alike but the worshippers of these evil rituals are the rich and the high-heels only. The other difference is that Allah Almighty created only one devil (Satan) who tries to mislead his servants but these ideologies have given birth to millions of devils who invite

wards hellfire. Hence every follower and propagator of these evil ideologies is a disciple of accursed Satan and disbeliever in Allah Almighty

Democracy is not explicitly advocated in Quran and Sunnah. The rightly guided caliphs did not establish the representational democracy. If human beings were able to theorize or come with the best form of governance, it would have surely been mentioned in Quran and hadith. In spite of that, the propagators of democracy brag about the checks and balances which makes it superior to any other form of governance because power is balanced across different branches so that it is not monopolized. For example, the executive, legislative and judicial branches compliment each other and thus the power is distributed evenly. Although, it makes sense theoretically and seems to work perfectly on paper but it fails miserably when put in practice. But because of the corruption the different political and elite groups influence these different branches in order to have their interests secured. Thus, the system becomes completely messed up because the decisions are not made in the interests of the people at large but for the particular section of the society who benefit by manipulating these branches. This has given rise to oppression, transgression and injustices by the western democracies like the genocide of native Americans, black Americans, colonization of weaker countries eventually the world war 1 and the world war 2 where millions of people were killed. Furthermore, it did not stop there as invasion of Afghanistan, Iraq and other African countries was carried out by the Americans with all three branches agreeing with one another thus killing millions of innocent Muslims. Hence, the bloodshed that happened in this form of governance surpasses all of the bloodshed that has been carried out previously altogether by manipulating the public opinion through mass media, social media and other entertainment industries. However, in Shariah there is more practical reliable and real solution to this problem of monopolization of power. In Islam the religious and moral values prevent the manipulation of rulings and decisions thus act as practical form of check and balance. In Islam if the leadership becomes corrupt or tries to manipulate the public there is always going to be the group of righteous scholars who would object that corruption. Thus, unlike democracy, Islamic Shariah is just and rightful form of governance and a better system when put in practice.

Moreover, when the temple of US democracy Capitol Hill was desecrated on January 6th by the very people who present the democracy as the ultimate form of governance, it exposed the faults and flaws of the manmade system which the West portrays as the nearly perfect system of governance for

the mankind. Although, this is not the first time when a man-made system has failed the people who believed and enforced it. It has happened before when one system failed the western world tried to bring the better one than the previous one until it came up with democracy and capitalism. However, these systems are also destined to fail as they do not empower all of the mankind in the socio-political spectrum. It brings with it the corruption among the elite and the ruling class which leads to the manipulation of the poor people. The human mind because of its finiteness cannot come up with the system which shall empower all of the mankind irrespective of all the differences. Because, only Allah the creator of the mankind knows everyone single human being and thus His system and His path is the salvation for all of the mankind. The Shariah sent down by Allah almighty for the mankind is not biased unlike any of the manmade systems, thus it is the ultimate form of governance for the mankind. All other systems that man has brought forth have the drawbacks in one form or the other.

In spite of that, the upholders of western democracy have always had the existential threat from the Islamic Law known as Shariah due to its intangible and imperfect nature of democracy. In fact, deep down in their hearts, the westerners know that only Shariah can replace their corrupt systems of capitalism and democracy.

That is why the West has launched a severe propaganda campaign to demonize and malign the Islamic Law itself so that it is kept away from not only the western world but from the Muslim world as well. To attain this objective, the accursed west with tooth and nail tries to outsource this corrupt ideology

to the Muslim world in order to spread it and thus control more and more lands. And more so the western democracy is portrayed as the superior form of governance and the only solution to the modern-day world. And thus, unfortunately some of the so-called Muslims fell into this trap and started calling the Muslims towards these corrupt ideologies at the top of which are the apostate rulers of the Muslim majority countries.

Thus, whenever the West and its cronies extended their hands towards Muslim lands, they justified this under the pretext of freedom, development and modernisation. However, they disseminate the evil and corruption among the masses to the extent that their religious consciousness degrades that it results in the abandonment of the religions itself. When America first thought of colonization of the Muslim lands in order to take away the wealth and religion of the Muslims at the top of which was the Arabian Peninsula, it did not send its armies at the first so that to avoid the worldwide criticism. But the America invaded the Muslim world with its corrupt

policies and proxies and managed to win over the Arab leaderships. It is because of these policies that the situation of Arabian Peninsula is not different than Lebanon, Syria, Iraq, and Egypt nowadays. They managed to propagate corrupt ideologies of modernization, atheism, feminism, obscenity and free mixing in the heart-lands of Islam. In fact, the secularists and the modernists try to influence the Islamic creed by their false ideologies by attaching the corrupt connotations to the Islamic terminologies in order to lead the Muslims astray from the path of Allah. Therefore, some modernists among the so-called Muslims also try to change the Islamic terminology in order to modernize the Islamic methodology and its rulings. Hence, they come up with these absurd oxymoron's like Islamic democracy, Islamic nationalism etc. Moreover, some are heard pronouncing the term of Islamic socialism. While, Islam is the opposite of socialism and two opposites can't form a meaningful word, it would only lead to the formation of an oxymoron. Similarly, the term used by some is the Muslim nationalism. When in reality the nationalism finds its basis on the fact that the basis for one's belongingness is one's nation or country. However, Islam teaches that the basis for belongingness is the religion of Allah. So, the term of Islamic nationalism consists of two opposites and impossible to be proclaimed together thus forming the oxymoron again. All of these corrupt and false ideologies that the West tries to attach with the Islam are renounced and rejected by the followers of Islam.

Furthermore, the so-called reform movements were introduced by the modernists, Democrats and secularists that speak in the name of Islam in order to change the Islam from within. And, thus the influential, corrupt and astray amongst the so called and the Muslims are chosen to propagate these corrupt ideologies among the common Muslims. These magicians do not have any correct program for the so-called reform of the Ummah. They are just the blind followers of the Western civilization and the only reform in their view for Ummah is to drag it on the tracks of the West. Their example is like that of As-Samiri who made an idol for the people of Moses in disguise of a calf to lead his people astray. Likewise, they falsely speak of reforms and developments and thus in this way strengthen the non-Islamic principles among the Muslims who are like the froth floating on water. Since these reform and developmental movements are non-Islamic, they only destroy the spirit and moral character of the Muslims. Same has been observed in every nation who tried to emulate the west and its ways. They are to this day suffering heavy losses due to the same reason. The destruction the world is witnessing is an inseparable part of the Western culture and its corrupt ideologies.

However, a Muslim must be self-sufficient from this world and should present his needs before none but Allah almighty alone. Thus, in order to bring peace and justice in this world, Shariah needs to be revived in its entirety as it was imple-

mented in the heart of Europe for seven hundred years. The pious predecessors implemented the Shriah and acted as the torch bearers of peace, justice and truth in the world of darkness oppression and falsehood. The situation thus becomes that in spite of being victorious and triumphant in the world, the beauty and lustre of the worldly life did not deceive them. The Muslims in Madena received taxes from east and west but they would sleep on baggage, leaves of the trees and wore clothes with patches. The Khalifah had the control over the entire Arabian Peninsula and beyond but he wouldn't take pride in it nor would he be deceived by giving himself the credit for it. Yes, that was the leader of the believers Umar Ibn al Khattab (RA). A Muslim is content in all that Allah almighty bestows on him to the extent that if something good happens to him, he thanks Allah for that and if he is held in a difficult situation, he remains patient on what befalls on him and complains about his situation before none but Allah alone. Just like the kings and nations of kufr are proud of their huge armies and abundant wealth, a Muslim is proud of the fact that he relies on none for help besides Allah almighty.

Therefore, O Muslims, Islam needs to be followed and implemented in its entirety in order to bring the peace, justice and truth in the world. If Muslim youth will only realize their capabilities and will employ the Quranic methodology, then the Ummah would again conquer the Easts and the Wests of the earth despite having less in terms of worldly and material means. Nations are not won through enormous armies and abundant wealth rather they are won through struggle, suffering and patience and piety. Because the battles are not just the physical ones that need to be won but it is the battles of hearts and minds that is more important. History bear witness that the decline of Muslims in world is not because they lagged behind in terms of worldly means but rather the reason for the declension was the abandonment of jihad fi sa-beelillah. The severity of this i.e., establishing the Khalifah and laying foundation to the Muslim Jam'ah can be understood by the fact that when Messenger of Allah left this world, the Sahabah first and foremost appointed Abu Bakr as Sideeq (RA) as their Khalifah in order to not to leave the Muslims without the Jam'ah even for a single day, and after appointing the Khalifah they began to prepare the final Islamic rituals and the burial of the Messenger of Allah (PBUH).

O Muslims around the world shake off the dust and wake up from your slumber. Know that the Mujahedeen of the Islamic State have revived the Khilafah upon the Prophetic Prophetic methodology with their spilled blood and torn limbs. Therefore, join their ranks and help them in any way you can in order to strengthen the Khilafah-the ray of hope in this dark and oppressive world. Know that it is only the Islamic State that rules with the Book of Allah and implements Shariah without compromising in the fundamentals of the religion of Allah and never fears the blame of blamers in obeying the Lord of the worlds.

Allah almighty said: **and i did not create the jinn and mankind except to worship me [adh-dhariyaat:56]**. As is clear from the above verse of the holy Qur'an, Allah has created us for a particular reason, and with a purpose as well, which he stated in the ayah above. Yes, indeed we all are created to worship Allah alone, the one and only, worthy of all praises, and there is no one worthy of worship except Allah almighty.

Therefore, o dear mother, bear in mind that your lap is the first school of your child. It is your responsibility to teach your child the correct aqeedah and manhaj. If there is a deviation in you, it will be transferred to your offspring and so on. And in that case, how are you going to raise the next generation in the likes of Umer ibn al-khattāb, Usama bin zayd, Khalid bin al-walīd? In order to raise your children like a sahabah you ought to follow and imitate the sahabah and the sahabiyyat. You too should be a mother like Khansa (RA), a mother who sent four of her young sons to fight for Allah's cause. Thus, raise your son in a way that this ummah needs him and benefits from him, and so that he goes out [fi sabillillah] and never turns his back, for Allah's sake.

Moreover, bear in mind that our deen is based upon tawheed which stands for the oneness of Allah, it means that Allah is unique in his lordship. And if there is no tawheed, our worship is of no benefit to us, and all of our deeds from the simplest to the noblest will all be in vain. Dear sisters, rectify your aqeedah, because if your deeds are correct but not sincere, they are not accepted, similarly if your deeds are sincere but not correctly done, they are not accepted either. Just reciting la ilah illa Allah is not enough and it's not that simple! Ponder upon it, islam is not a "theory" based on assumptions, rather it is a way of life based on a reality. And islam cannot fulfil its role except by taking a central position in the society. It is therefore necessary to revive islam, and if we seek to carry

out the task of establishing Islam with wisdom, we must first clearly know the pure and original prophetic methodology. And, no doubt that the shari'a is the best for mankind, since it comes from Allah, the almighty, the creator. So, we should accept shari'a without raising questions and reject all other laws (in any shape or form), this is al-Islam.

The first word in the kalimah of tawheed is *la* which stands for no, what is this no for? No is for all kind of Taghūt. And a Taghūt is everything that worshiped other than Allah subhanu wa ta'ala.

Tawheed has two arkaan (pillars), the first is to reject the Taghūt and the second is belief in Allah, the one and only.

1: disbelief in Taghūt: a Taghūt is everything or anyone who exceeds the proper limits ascribes himself to the acts of Allah almighty, such as creation, provision or legislation or ascribes himself to the attributes of Allah almighty and sets up himself as a partner with Allah almighty. There are five heads of Taghūt: (1) satan, who invites people to worship other than Allah almighty. (2) the oppressive ruler who changes the laws of Allah almighty. (3) the one who does not govern by what Allah almighty has revealed. (4) the one who claims knowledge of the unseen. (5) the one who is worshipped and is pleased with it.

So, the question is, how can we reject these Tawagheet? There are five ways to reject the taghut. First, we have to believe that worshipping the Taghut is false. Secondly, we should avoid worshipping Taghut. Third we declare enmity towards it after that we show hatred and then we consider the Taghut as a kafir.

2: belief in Allah almighty: belief in Allah almighty means to assert Allah's oneness in lordship, worship, names and attributes. (A) the belief in Allah's lordship; (Rububiyah) which means to believe in Allah's acts which are specific to him alone, like creation, provision and legislation. (B) the belief in Allah's worship; (Ululhiyah) which means that the only one to be worshiped is none but Allah almighty. (C) the belief in Allah almighty's names and attributes; (Asma was sifaat) which Allah almighty has affirmed himself in the Quran. **"there shall be no compulsion in [acceptance of] the religion. The right course has become clear from the wrong. So, whoever disbelieves in Taghut and believes in Allah has grasped the most trustworthy handhold with no break in it. And Allah is hearing and knowing. [surah al baqarah:256]."**

Even though we need to be aware about the realities of shirk and misguidance which is prevalent in the society in order to stay away from it but there are few things which have taken roots among the people and most people are ignorant about these realities. These are grave worshipping and ruling by other than what Allah has revealed. In our present time, almost the whole world is governed by human-made laws. Whoever goes to seek judgment other than the Quran and sunnah has indeed gone astray because this is also an act of shirk. Allah says in Quran, **"legislation is not but for Allah. He**

has commanded that you worship not except him. That is the correct religion, but most of the people do not know." [surah yousuf:40].

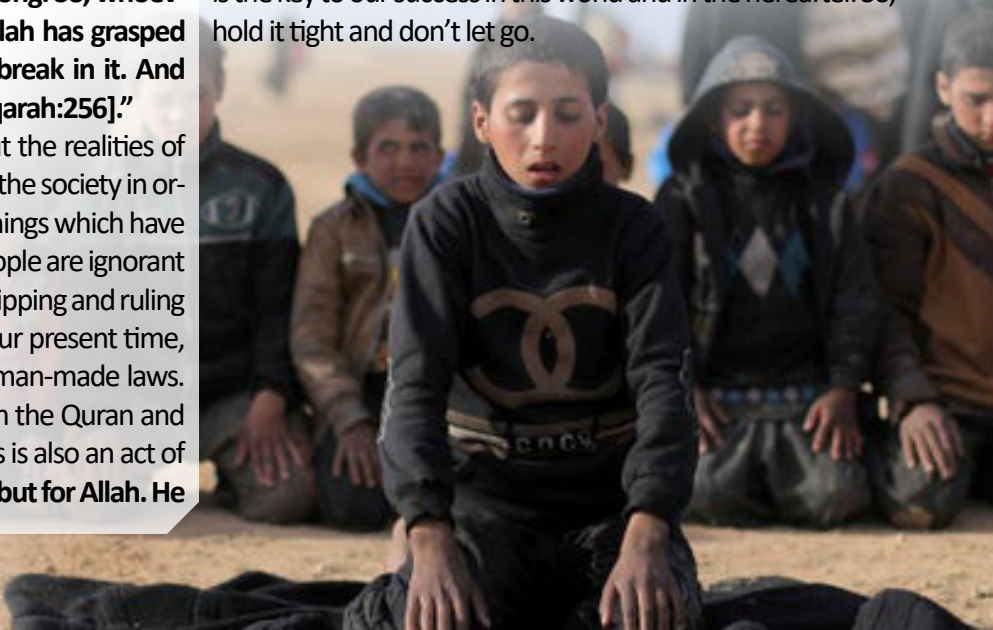

So, my dear sisters, now that you have become familiar with the Taghut, know that after you affirm tawheed i.e., reject Taghut and believe in Allah alone, you will be tested with trials and tribulations. So, don't panic when those trials come upon you for, they are only but a test from your lord so that he can see how firm and truthful we are! Allah says, **"do the people think that they will be left to say, "we believe" and they will not be tried? But we have certainly tried those before them, and Allah will surely make evident those who are truthful, and he will surely make evident the liars."** [surah Ankaboot: 2-3].

And if we want to take a contemporary example of steadfastness and sacrifices, then we have an excellent example in the people of al-baghūz who went through all of the hardships for their tawheed, for rejecting the Taghut, and it was only because of the strength of their affirmations that they were able to stand firm against the assaults of the kuffar.

Many of them were killed and many of them who remained alive are still going through a lot of difficulties. Indeed, their ordeals reminded us of the people of ditch. But have you ever thought why are they suffering, and why is it happening only to them and not the rest of the world? Know that, it is only because they said: "Allah is our lord". They didn't bow down before any Taghut, nor did they accept any of their filthy systems.

So, my sisters, let them be your role models. And bear it in mind that our lord will surely test us if we act upon Tawheed completely. **"Allah keeps firm those who believe, with the firm word, in worldly life and in the hereafter. And Allah sends astray the wrongdoers. And Allah does what he wills."**[surah ibrahim: 27].

And know that Islam is the only divine way of life which brings out noblest human characteristics. When belief in *la ilah illa Allah* penetrates deep into the heart, it also penetrates the whole system of life, which is a practical interpretation of this faith. These words of tawheed *la ilah illa Allah* is the key to our success in this world and in the hereafter. So, hold it tight and don't let go.

BLACK WATER

With WHITE FLAGS

It is not surprising to know that the Taliban has washed their white flag in the black waters of the Crusaders. The fighters of the Taliban have been rendered as the puppets of the Blackwater, and their leaders have stood up for the protection of the Crusaders and their churches. Thus, under the shadow of the Crusaders, they came so low against Islam that they started begging them for the withdrawal from the Afghanistan.

Moreover, the Taliban of the Afghanistan have today joined the ranks of the Americans and have become blackwater mercenaries. It is disheartening to witness the successors of Mujahid Mullah Omar fighting against the Mujahedeen and leaving Rafidah Mushrikeen and thus deviating from the correct methodology!

The Sunnah of Allah is to replace the ingrate and disobedient people with those who are upon the straight path. **"O you who believe! Whoever from among you turns back from his religion (Islam), Allah will bring a people whom He will love and they will love Him; humble towards the believers, stern towards the disbelievers, fighting in the Way of Allah, and never afraid of the blame of the blamers. That is the Grace of Allah which He bestows on whom He wills. And Allah is All-Sufficient for His creatures' needs, All-Knower" (Al-Ma'idah, 54).**

The path of Jihad and Qital for the sake of Allah is the path of trials and tribulations. The Taliban thought that they would wage Jihad against the Crusaders and claim to be the leaders of the Mujahedeen. Yet, they forgot that Allah will surely test them in terms of their lives and wealth. Or think you that you will enter Paradise without such (trials) as came to those who passed away before you? They were afflicted with severe poverty and ailments and were so shaken that even the Messenger and those who believed along with him said, **"When (will come) the Help of Allah?" Yes! Certainly, the Help**

of Allah is near! (Al-Baqarah 214).

Indeed, it is in these trials and tribulations that people show their real colours. Otherwise, one would not know who is who! **Allah will not leave the believers in the state in which you are now, until He distinguishes the wicked from the good. Nor will Allah disclose to you the secrets of the Ghaib (unseen), but Allah chooses of His Messengers whom He pleases. So, believe in Allah and His Messengers. And if you believe and fear Allah, then for you there is a great reward. (Aal-E-Imran 179).**

There are many examples in the history of Islam from Badr to Udud, from Ahzab to Qadisiyyah; that Allah Almighty separated the impure from the ranks of the pure. Every period of the history has witnessed such events that when the tents of truth and falsehood were separated, each person had to choose his side. However, it is a divine tradition that whoever deviates from the religion of Islam, Allah makes them their path easy and Hell is their destination. **In their hearts is a disease of doubt and hypocrisy and Allah has increased their disease. A painful torment is theirs because they used to tell lies. (Al Baqarah, 10).**

We have seen the Taliban fight for decades but after the martyrdom and captivity of their first generation, the second generation planted cannabis and opium all over the country and were used by the agencies as a proxy against the Islamic State, and became neglectful of the religion of Allah. When they became negligent of the religion of Allah, they began to follow the plans of the enemies of Islam. **"But there came after them successors who neglected prayer and pursued desires; so, they are going to meet evil" (Maryam 59).**

The fact is that the Blackwater carries out its missions in Afghanistan through the Afghan Taliban. The Afghan Taliban deviated so much that they allied directly or in-

directly with the American forces in Afghanistan against the Mujahedeen of the Islamic State. The Taliban promised the Americans that it won't allow the land of Afghanistan to be used against the American Crusaders. However, the intellectual war is such that anyone who does not have the knowledge of the Qur'an and Sunnah with the understanding of the companions of the Prophet (PBUH) will soon fall prey to the tactics of the Crusaders. Because the Crusaders have been using the name and legitimacy of Afghan Taliban against the Mujahedeen of the Islamic State so that the common Muslims do not object the tyranny and the transgression.

The flag of the Taliban is the same white flag, their turban is the same as of their ancestors, their food is still as simple as of the past, but the change has come in their methodology, they have deviated from the correct belief and methodology which was of the first generation before them, and they left the path that their forefathers followed. Furthermore, they fell into deviancy so much so that they took the charge of the job which was previously done by the savages of the Crusaders of Blackwater and CIA i.e.; to kill the Muslims and to loot their wealth. The beasts of Blackwater invaded Islamic lands in the past but nowadays we see that the astray fighters of the Taliban are doing it for the Crusaders. Alas!

More so, the world witnessed that the Taliban were in alliance with the Americans in Jawzan, Nangarhar and Kunar and attacked Mujahideen strongholds. Today's Taliban are not the same Taliban of the Mujahid Mullah Omar (RH) but they are the patriots and the puppets of the West and have joined the members of the international crusade against the Muslims and Islam. Rather they have become guardians of the gates of churches and temples, they are not taking commands from the Quran and sunnah anymore but from the Pope and his forces. Thus, unfortunately; the Taliban are fighting against their previous generation's targets and trying to squander the hard work of those who fought tirelessly against the Crusaders.

O the sleeping Taliban fighters! Wake up! And look around yourself, where do you stand? Consider the reason why your leaders love these filthy disbelievers? If their minds and eyes are blind and cannot see anything! open yours and look at the situation, think and reflect! differentiate between your friend and foe! Set your al Wala wa al Bara (associating and disassociating for the sake of Allah) straight and be mindful of your destiny!

We have not
forgotten you
and we will never
forget you

O Mwahidin in prisons of Twaghit! remember dominance and victory comes only after patience in the trials testing our Tawhîd, and in the end, only the righteous will inherit the earth, **“And We have already written in the book [of Zabur] after the [previous] mention that the land is inherited by My righteous servants.”** And the best outcome is for the pious.

O imprisoned brothers! by Allah, we have not abandoned you, we have not forgotten you nor have we forgotten the stories of your torture. Just be a little more patient, your brothers are leaping onto the fronts to engage the enemies. So let the wretched enemy know that he will face death every now and then, and his impure soul will be taken away from his filthy body, and his hand will be cut off from his body, his treacherous eyes will be taken out and his stinking body will be thrown in garbage.

O honorable and pious sisters in prison! your imprisonment burns our chest, our eyes bleed and our souls become restless. Allah is witness to the sadness which lives in our hearts seeing your conditions. By Allah’s will and by Allah’s help, every ordeal you went through will be avenged and every hand which was raised towards you will be cut off. Seek help from Allah and make Dua that the Lord of the worlds enables the **Mujahidin** to break the walls **Biidhnillah**.
